What should we feed him?

What about leftovers from the table?

Will he need a variety of foods?

Is meat a dog's best food?

Is there a dog food that gives him everything he needs?

There's no question about it when you RECOMMEND PARD

Better for a dog than red, raw meat! Dog owners—especially new ones—are full of questions. And the question most of them ask most often is: "What should we feed him?"

The table shows *how right you are* when you recommend PARD. For Swift makes this famous dog food so that it provides a dog with all the good meat protein he loves, *plus* all the other important nutrients he needs.

PARD is a perfectly balanced food, complete in itself. A dog needs nothing more, he can get nothing better. You can suggest it with confidence.

A COMPLETE, BALANCED FOOD
